Tuesday night's combined business and social meeting was held at the Zita school house, and broke all records for attendance, with 182 people in the crowd. The business session as addressed by Dr. Benjamin Primer, director of the Potter county health unit, and by Dr. E. W. Little, Amarillo's city veterinarian. Board of Control Makes Recommendations to Legislature—W. T. Suffers Great Reduction in Requests Made From State Board

The State Board of Control has filed its report to the members of the 42nd legislature, which convenes in Austin on January 13th, wherein is made recommendations as to its findings of the state's institutions, and sets forth its recommendations as to the financial support which each institution should receive for the two years beginning August 31, 1931.

The board of regents requested for W. T. a total of \$1,056,031 for the two years. The Board of Control has reduced this amount to \$578,574.

The legislature gave the College a total of \$535,430 for the past two years.

The salary list remains practically the same as the past two years. Only a few increases in salary were recommended, and only a few additional places.

For the first time in several years the need of the summer school was considered seriously by the board of control. \$35,000 was granted to the summer quarter, wherein its recommendations in the past has been for only \$24,000, which has been supplimented by the government.

The appropriation for the library building was eliminated. The only additional housing facilities recommended was \$1,000 for the addition to the power house to be used by the manual training department.

The report was filed with the members of the legislature, and will be subject to revision by that body when the appropriation bills are passed.

Football Teams Will be Entertained by the Rotary Club

The W. T. Buffs will be entertained next Tuesday by the Canyon Rotary Club at luncheon, and the following Tuesday the Canyon Eagles will be entertained at the luncheon of the club.

The Student Loan Fund committee was in charge of the program Tuesday, composed of W. A. Warren, T. H. Knighton and Irby Carruth.

Dr. E. W. Little of Amarillo was a visiting Rotarian, and guests were T. M. Schutts of Amarillo and W. M. Coates of Lubbock.

The Rotary Club started the student loan fund this fall when it was reported that four students would be forced to leave the College unless given small loans. Mr. Warren states that the fund is small, but has been of great assistance this year. He believes that a very large fund could be invested to good use among the students if the club had the money available. Mr. Warren presented a set of rules governing the fund, which were adopted, and will be used in making loans to the students.

Mr. Carruth discussed the loan fund from the standpoint of the student. There is always the question as to whether it pays to borrow money to go to school, rather than working ones way, or attempting to save enough before starting. Mr. Carruth took the position that it was always the wise thing to do to go through school, borrowing the money necessary, and then pay it back in a better position than the student would have been able to secure before he started out to get his education. He pointed out instances when the borrower advanced much faster than the one who attempted to pay his way as he went by staying out of school a year or two at a time.

ONE IS KILLED THREE INJURED IN CAR CRASH

ENTIRE D. W. CLARK FAMILY VICTIMS SATURDAY P. M.

Eighteen Months Old Baby Daughter Died Sunday Afternoon in Amarillo Hospital

One death and three injured persons marked the total of a car wreck which occurred in the 1400 block on Fourth Avenue about 9:30 o'clock Saturday night.

The car, driven by the D. W. Clark family with Mr. Clark at the wheel, hit a truck, parked on the north side of Fourth Avenue, when Mr. Clark was blinded by an approaching automobile.

Eunice Claudine Clark, 18 months old daughter of Mr. and Mrs. D. W. Clark sustained a fractured skull and died in an Amarillo hospital about 1 o'clock Sunday afternoon.

Mr. Clark sustained several lacerations about the head and face, besides numerous bruises about the body. Mrs. Clark was badly bruised and suffered a fractured hip bone. A four year old son was also badly bruised and received cuts about the face and head, particularly about the eyes.

It is stated that the truck parked on Fourth had no lights burning, and the body being an extra wide one, struck the car body just above the hood, hitting the entire Clark family and badly demolishing the car.

All of the injured will recover, but Mrs. Clark will be confined to her bed for several weeks, according to Dr. M. L. Saddoris, attending physician.

The Clark family has been living in Canyon for several months, moving here from Ralls. Mr. Clark is an automobile mechanic.

MISS CASH GIVES INTERESTING PAPER AT STATE MEET

County Agent to Supervise Pig Clubs in County

We want to organize a new pig club among the boys of Randall county. Membership is open to any boy between the ages of ten and twenty who will raise a litter of pigs during the year, 1931, under the direction of the county agent. Arrangements can be made for the purchase of a registered bred gilt for any responsible boy in the county on his six months note. These gilts to be bought during the next 30 days for March and April litters. There will be a good premium list at the Tri-State fair next September for litters owned by pig club boys.

It is not the purpose of this club to start a lot of boys in the pure bred hog business but to give the boys a chance to see whether or not they can make money on a few good hogs properly cared for. Most farms in Randall county could profitably keep a few good hogs. I do not believe in over doing the production of cheap grain. However, if we are going ahead growing more and more cheap wheat and other grain in this part of the country, we must need to feed more of it to live stock. Not every boy can make a good livestock feeder. A pig followed by a litter of pigs is a very good way for a boy to find out whether or not he can become a feeder. If a boy is successful in a small feeding venture he may easily enlarge his operations after he knows what he is doing.

Any boy interested should see the county agent within the next few days as they should have these gilts well started before Christmas. Why not give the boy a membership in a pig club for Christmas?

W. H. UPCHURCH,
County Agent.

An office will be opened in Amarillo this week for the purpose of collection of taxes in the north part of the county and in the southern part of Amarillo which extends into Randall county. Farming pays in Randall county.

One hundred dollars in cash awards will be given by the Canyon Chamber of Commerce in the second annual Christmas decoration contest. These prizes will be given in first, second and third places to each of the two classes: the business firms and the residences of Canyon. President J. W. Kleinschmidt of the Chamber of Commerce in making known the complete plans for this year, stated that much interest has already been shown.

The awards will be made on the practically same basis as last year with homes being judged from the outside appearance at night and the business houses being judged from both the outside and inside. The first prizes will be \$25.00 each; the seconds \$15.00 and the thirds \$10.00.

"We would like to see every bit of decorations up by the last of this week or the first of next week if at all possible," Mr. Kleinschmidt declared. "Other cities are already showing the Christmas spirit by placing up their decorations. Canyon has no time for delay. By decorating now the city will look beautiful and be expressive of the holiday spirit until Christmas."

"The Chamber of Commerce," he continued, "will appreciate all co-operation in making Canyon beautiful during this season of the year. We urge that business firms and homes of Canyon do every bit of decorating that they can although they do not care to enter the contest."

Following a meeting of officials of the Chamber of Commerce it was decided to raise the funds for the cash prizes instead of offering merchandise prizes as it was announced last week.

The funds for the contest were secured by the Chamber of Commerce from the business men and citizens of Canyon. The decorations for the square which were purchased by the Chamber of Commerce for last year are expected to be up by the latter part of this week.

Those who care to enter the contest are urged to register at once. A registration book will be kept at The News office and by calling there you may have your name entered in the contest.

However, if we are going ahead growing more and more cheap wheat and other grain in this part of the country, we must need to feed more of it to live stock. Not every boy can make a good livestock feeder. A pig followed by a litter of pigs is a very good way for a boy to find out whether or not he can become a feeder. If a boy is successful in a small feeding venture he may easily enlarge his operations after he knows what he is doing.

Any boy interested should see the county agent within the next few days as they should have these gilts well started before Christmas. Why not give the boy a membership in a pig club for Christmas?

First 1931 Car Plates Issued to Collector Fry

John Fry, county tax collector, states that he issued the first 1931 car license plates to himself early Monday morning. The number was K5-3401. The new car plates are white figures on a black background and the truck plates are black figures on a white background.

The plates for Randall county run from K5-3401 to K5-5700. Truck numbers are from 171-226 to 171-725. Mr. Fry announces that trailers under 4,000 pounds gross weight do not have to be registered, according to the law passed at the last special session of the legislature.

So far this year the payments of taxes in the county compare favorably with the payment of last year, Mr. Fry states.

An office will be opened in Amarillo this week for the purpose of collection of taxes in the north part of the county and in the southern part of Amarillo which extends into Randall county. The office will be located in the W. L. Lyons Grocery at 3700 Tyler street. Deputy Bob Barnett will be in charge.

One hundred dollars in cash awards will be given by the Canyon Chamber of Commerce in the second annual Christmas decoration contest. These prizes will be given in first, second and third places to each of the two classes; the business firms and the residences of Canyon. President J. W. Kleinschmidt of the Chamber of Commerce in making known the complete plans for this year, stated that much interest has already been shown.

The awards will be made on the practically same basis as last year with homes being judged from the outside appearance at night and the business houses being judged from both the outside and inside. The first prizes will be \$25.00 each; the seconds \$15.00 and the thirds \$10.00.

"We would like to see every bit of decorations up by the last of this week or the first of next week if at all possible," Mr. Kleinschmidt declared. "Other cities are already showing the Christmas spirit by placing up their decorations. Canyon has no time for delay. By decorating now the city will look beautiful and be expressive of the holiday spirit until Christmas."

"The Chamber of Commerce," he continued, "will appreciate all co-operation in making Canyon beautiful during this season of the year. We urge that business firms and homes of Canyon do every bit of decorating that they can although they do not care to enter the contest."

Following a meeting of officials of the Chamber of Commerce it was decided to raise the funds for the cash prizes instead of offering merchandise prizes as it was announced last week.

The funds for the contest were secured by the Chamber of Commerce from the business men and citizens of Canyon. The decorations for the square which were purchased by the Chamber of Commerce for last year are expected to be up by the latter part of this week.

Those who care to enter the contest are urged to register at once. A registration book will be kept at The News office and by calling there you may have your name entered in the contest.

**A MODEL TOWN**

The Dallas News of Monday had an editorial calling Highland Park a model town. Attention was directed to a number of things about Highland Park which has made it a model town. Therefore, a comparison of Highland Park and Canyon should be interesting.

The tax rate of Highland Park is given as 90c; Canyon has been much lower than that until the recent sewer addition and the new paving program. Therefore Canyon shows up well with the so-called model.

The bonded indebtedness of Highland Park is shown as 4 per cent of the assessed value; while the bonded indebtedness of Canyon is only .0205 percent, thereby giving Canyon a decided advantage. Highland Park assesses its taxes at 60 per cent of a fair cash value; while Canyon uses the basis of 66 2-3 per cent, making the two towns very nearly equal.

Highland Park shows a delinquent tax list of \$8,000; while Canyon never went as high as \$5,000 until this year.

Highland Park claims as a part of its assets: "well policed, an efficient fire system, and a spotless town in appearance." The recipe is very simple. Select honorable, intelligent councilors, free from political entanglements, and encourage them by hearty support and approval of worthwhile achievement.

The above statement will apply to Canyon as well as to Highland Park. Canyon has been exceedingly fortunate in its officials. Men who have served the city are high of ideals; having ever the welfare of the community at heart and have watched carefully the expenses of the city in order that the tax payers receive a dollar value for every dollar tax money collected.

Canyon is putting on the holiday appearance, with Christmas decorations in the business houses. Homes will be decorated within a few days, and the Chamber of Commerce contest started, as was carried on last year. Citizens of Canyon received very high praise last year on account of the time decorations on the residences and the business houses. There should be more decorations this year. Let's make Canyon the most attractive town on the plains during the Christmas holidays.

Three weeks from today will be Christmas. The time is fast approaching, and those who have not started their Christmas shopping

should do so at once. To many, Christmas will be a very scant affair this year. Many people will feel that the necessities of life are about all they will be able to provide for their families; but to the majority in Randall county, Christmas will find plenty, although not an abundance. The business houses of Canyon are prepared to make Christmas worth while to all the citizens. Make this a year of practical giving; luxuries may wait until times are more prosperous.

The teachers of the country schools of Randall county are doing a fine thing in getting started the library movement. The circulating library will give the country children an opportunity to read a large number of good books which would not come into their hands without this organized movement. Citizens of Canyon may well afford to assist in this movement to provide good books for the country schools. We are building a wonderful country, here in Randall county, and all should work together to make it a better place in which to live, and to grow.

Thanksgiving Day was very well observed in Canyon City. The attendance at the Union services, held in the Christian Church, was such as is rarely found in towns four times the size of ours.

"Badger pullings" are still a leading attraction "down the street." The one held last Friday, in which a New Yorker was special guardian of the badger, was perhaps the most exciting since Tallmadge's chauffeur, M. H. McKillip, proved his gameness. The somewhat unusual feature in the last "pulling" was, that when the son of New York turned his badger loose, instead of the animal attacking Harry Miller's dog, as expected, it landed on Referee Donohoo, clawing him from the necktie all the way down; the New Yorker also came in for some of the enraged animal's attention although 'tis said that his injuries were chiefly of the nature of what the lawyers call "mental anguish," caused by the furious appearance of the badger. The New Yorker threatens to sue the manager, W. C. Kenyon, who is also owner of this particular badger, for damages. Quite a lot of money had been put up, but owing to the circumstances, here barely outlined, all bets were called off.

Rev. T. F. Robeson had a family reunion on Thanksgiving, all the children being at home that day, except one son, Lawrence.

W. C. Baird, wife and daughter, Miss Clara, left Tuesday evening for Kansas City.

Born to H. E. Key and wife, Wednesday of last week, another daughter.

D. 1930, in a suit, numbered on the docket of said Court as No. 1269, wherein Panhandle Construction Company, a corporation, is Plaintiff, and S. G. Umbarger, and the heirs and legal representatives of the said S. G. Umbarger, whose names and addresses are unknown, are defendants, and said petition alleging:

1. That the City of Canyon in Randall County, Texas, is a municipal corporation, duly incorporated under the laws of the State of Texas, and has been for a time long prior to the 30th day of January, 1928, and previous to said time had by election duly had and declared, and by ordinance duly published and enacted assumed control over its streets and adopted the General Paving Law set out in the statutes of the State of Texas, which incorporation, adoption and declaration has continued at all times mentioned herein.

2. That prior to the 30th day of January, 1928, defendant, S. G. Umbarger, was the owner by regular conveyances of Lot 12, Block 57, in said incorporated town of Canyon, and still is the record owner thereof, and that at and prior to the 30th day of January, 1928, the governing body of said city of Canyon, had determined that certain of its streets should be graded, paved and drained in accordance with the plans and specifications of its Engineer then on file and adopted, and on said 30th day of January, 1928, entered into a contract with this plaintiff to grade, pave and drain the same in accordance with said plans and specifications and especially that part of 7th Avenue abutting said Lot 12, Block 57, and agreed in said contract in accordance with the statutes that if at a hearing to be afterwards held it should be determined that the cost of such improvement apportionable and chargeable to said Lot 12, Block 57, under said paving laws would enhance the value of said cost that on the completion thereof it would issue its assignable certificate to the plaintiff in the sum of \$139.20, the estimated cost which sum should be payable in six installments, the first maturing ten days from the completion and acceptance of said work and 1-6th thereof at 1, 2, 3, 4, and 5 years from the date of completion, all payments to bear 8 per cent annual interest, and further providing that if there was default in the payment of any installment of principal payment, or interest, the holder of such certificate might mature same, and for reasonable attorney's fees and cost of collection, if incurred; that the said indebtedness evidenced by the certificate should be a first and prior lien upon the said property abut-

ing the street of improvement superior to all liens and claims, except taxes, and a personal charge against the owner thereof.

3. That in accordance with said determination of the governing body and the contract, the city caused notice to be given to the owners of said property and all persons having or claiming an interest in said property, that on March 3, 1928, it would hear evidence whether or not the contemplated improvement abutting said Lot 12, would enhance the value thereof to the extent of \$139.20, which notice was given for the length of time and in the manner specified by the general paving law.

4. That such hearing was duly held at the advertised time, when as such it was determined that the improvement would enhance the value of the property equal to the cost of improvement, which said determination was final and has not been appealed from; that thereafter the plaintiff completed said improvement according to the plans and specifications, which were accepted by the governing body on the 19th day of September 1928, and a certificate evidencing the amount of indebtedness, to-wit, \$139.20, was issued by said city and delivered to the plaintiff, and the plaintiff is the owner and holder thereof, such certificate reciting all the matters which the contract above named agreed should be entered, and by the terms thereof and by reason of such the said sum of \$139.20 became owing to this plaintiff and a first lien upon said property, a personal charge against the owner or owners thereof, payable under the conditions named.

5. That the installment due on the 29th day of September, 1928, and the one due on the 19th day of September 1928, and the one due on the 19th day of September, 1929, as well as the one due on the 19th day of September, 1930, have matured, and are wholly unpaid, nor has any interest been paid on the principal debt, and that by reason of such delinquency the plaintiff has elected to mature the three remaining installments of said certificate and has placed them with an attorney for collection, and that the reasonable fee therefor is the sum of \$100.00, for which it asks judgment for principal and interest, and that same be decreed to be a lien upon said lot as is provided by the enabling acts and the certificates.

WHEREFORE, the plaintiff prays for process upon the defendants, that upon hearing it have its judgment for its debt, interest and attorney's fees, as well as costs, that such judgment be decreed to be a lien upon the said lot as of January 30th, 1928, and at all times thereafter, that the lien be foreclosed and the property sold and the proceeds thereof applied to the satisfaction of plaintiff's judgment, and for such other relief as at law or in equity it may be entitled to.

Herein I fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

D. 1931, the same being the 5th day of January, A. D. 1931, then and there to answer a petition filed in said Court on the day of September A. D. 1930, in a suit, numbered on the docket of said Court as No. 1269, wherein Panhandle Construction Company, a corporation, is Plaintiff, and S. G. Umbarger, and the heirs and legal representatives of the said S. G. Umbarger, whose names and addresses are unknown, are defendants, and said petition alleging:

1. That the City of Canyon in Randall County, Texas, is a municipal corporation, duly incorporated under the laws of the State of Texas, and has been for a time long prior to the 30th day of January, 1928, and previous to said time had by election duly had and declared and by ordinances duly published and enacted assumed control over its streets and adopted the General Paving law set out in the statutes of the State of Texas, which incorporation, adoption and declaration has continued at all times mentioned herein.

2. That prior to the 30th day of January, 1928, defendant, S. G. Umbarger, was the owner by regular conveyances of Lot 12, Block 57, in said incorporated town of Canyon, and still is the record owner thereof, and that at and prior to the 30th day of January, 1928, the governing body of said city of Canyon, had determined that certain of its streets should be graded, paved and drained in accordance with the plans and specifications of its Engineer then on file and adopted, and on said 30th day of January, 1928, entered into a contract with this plaintiff to grade, pave and drain the same in accordance with said plans and specifications and especially that part of 7th Avenue abutting said Lot 12, Block 57, and agreed in said contract in accordance with the statutes that if at a hearing to be afterwards held it should be determined that the cost of such improvement apportionable and chargeable to said Lot 12, Block 57, under said paving law would enhance the value of said lot that on the completion thereof it would issue its assignable certificate to the plaintiff in the sum of \$139.20, the estimated cost which sum should be payable in six installments, the first maturing ten days from the completion and acceptance of said work and 1-6th thereof at 1, 2, 3, 4, and 5 years from the date of completion, all payments to bear 8 per cent annual interest, and further providing that if there was default in the payment of any installment of principal payment, or interest, the holder of such certificate might mature same, and for reasonable attorney's fees and cost of collection, if incurred; that the said indebtedness evidenced by the certificate should be a first and prior lien upon the said property abutting

ing the street of improvement superior to all liens and claims, except taxes, and a personal charge against the owner thereof.

3. That in accordance with said determination of the governing body and the contract, the city caused notice to be given to the owners of said property and all persons having or claiming an interest in said property, that on March 3, 1928, it would hear evidence whether or not the contemplated improvement abutting said Lot 12, would enhance the value thereof to the extent of \$139.20, which notice was given for the length of time and in the manner specified by the general paving law.

4. That such hearing was duly held at the advertised time, when as such it was determined that the improvement would enhance the value of the property equal to the cost of improvement, which said determination was final and has not been appealed from; that thereafter the plaintiff completed said improvement according to the plans and specifications, which were accepted by the governing body on the 19th day of September 1928, and a certificate evidencing the amount of indebtedness, to-wit, \$139.20, was issued by said city and delivered to the plaintiff, and the plaintiff is the owner and holder thereof, such certificate reciting all the matters which the contract above named agreed should be entered and by the terms thereof and by reason of such the said sum of \$139.20 became owing to this plaintiff and a first lien upon said property, a personal charge against the owner or owners thereof, payable under the conditions named.

5. That the installment due on the 29th day of September, 1928, and the one due on the 19th day of September 1928, and the one due on the 19th day of September, 1929, as well as the one due on the 19th day of September, 1930, have matured, and are wholly unpaid, nor has any interest been paid on the principal debt, and that by reason of such delinquency the plaintiff has elected to mature the three remaining installments of said certificate and has placed them with an attorney for collection, and that the reasonable fee therefor is the sum of \$100.00, for which it asks judgment for principal and interest, and that same be decreed to be a lien upon said lot as is provided by the enabling acts and the certificates.

WHEREFORE, the plaintiff prays for process upon the defendants, that upon hearing it have its judgment for its debt, interest and attorney's fees, as well as costs, that such judgment be decreed to be a lien upon the said lot as of January 30th, 1928, and at all times thereafter, that the lien be foreclosed and the property sold and the proceeds thereof applied to the satisfaction of plaintiff's judgment, and for such other relief as at law or in equity it may be entitled to.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Canyon, Texas, this 29th day of September, A. D. 1930.

BUFF BASKET MEN BEGIN PRACTICE FOR '31 MONDAY

**BURTON HAS RECORD OF 160
WINS IN 190 STARTS WITH
BUFFALOES**

Monday, December 1, Coach S. D. Burton started training his 1931 edition of Buffalo basketball.

To the uninitiated the above statement means little, but to those in the "know" it means that out of a mass of raw material, a lot of it untried high school stuff, the premier basketball coach of the southwest will, within the next three months, mold into shape a perfectly co-ordinating quintet of basketball artists that will, if precedent is worth anything, be the peer of Texas in collegiate basketball.

In the T. I. A. A. circuit Coach Burton has turned out teams that have always been the dread of the rest of the pennant contenders. In the past seven years, Burton has turned in four T. I. A. A. championships, and has been the runner-up on three other occasions.

But the greatest bid to fame that the "Wonder" Coach has is the fact that out of 190 games played in the last nine years, the Buffaloes have won 160 games, an all-time national record in collegiate basketball. Furthermore, it might be of interest to the general public to know that this "Wonder" coach never played a game of basketball in his life.

But the path of glory will not be so rosy for this year's aggregation and the Buffalo mentor. Last year, five letter men finished their basketball careers. "Red" Keith, Pat Gerald, "Heck" Ward, "Dumb" Newman, and Cleve Jones. To recuperate from their loss with the material now on hand will be a tough assignment but Coach Burton thrives on adversity and it is too early in the season for predictions of this year's Buffalo quintet's struggle for another pennant.

For a foundation for the 1931 team Coach Burton will have "Preach" Fuller, captain-elect back at his old place. Around him will be gathered "Hatch" Brown of Canyon; "Eddie" Comer, Clovis; Lloyd Harris, Pollette; Bob Clark, Turkey; Bob Fitzgerald, lanky forward from Borger; Morris, Per-

1930 Annual Bonfire Pile is Burned To Ground Early Wednesday Afternoon; Foraging Crew Rises to Emergency Call

To the great but temporary consternation of those who had participated in its building and of those who were eagerly looking forward to the annual Thanksgiving bonfire rally, the old lumber gathered by W. T. boys Tuesday night and piled on the vacant block west of the highway and north of Third avenue, was burned to the ground Wednesday afternoon nearly four hours ahead of schedule, set off by the unlawful machinations of unknown persons.

Responding to the call issued by Winston Savage, sophomore class president and chief of the bonfire gang, in chapel last Tuesday morning, a great majority of the men of the college gathered at The Buffalo Tuesday evening to go from there on the annual hunt for wood to build the bonfire, which every year heralds the Thanksgiving football game.

Several hours work resulted in the completion of a large pile of waste wood gathered by the men from the vicinity of Canyon. The erection was witnessed by a large crowd of co-eds, who furnished

the foragers with hot coffee until their job was finished, some hours after midnight.

The process of the building was made more exciting by the unsuccessful attempts of certain people, supposedly from out of town, to set fire to the pile that night.

It is believed that it was most probably these same people who set the blaze the next day, Wednesday, which destroyed the pile about the middle of the afternoon, ruining temporarily the whole school's hopes for the big bonfire and hilarious pep meeting that night.

But those who had evidently considered the premature burning to be a complete upsetting of the plans for the pep meeting had underestimated the enthusiasm and cooperation of the gang of builders under Savage's direction. Before eight o'clock Wednesday night the hour set for the burning, another pile of timber as large as the first had been collected by a group called to meet the emergency.

A large gathering of students and others witnessed the flame that

lien and personal liability, and the issuance of said certificate, have been done and performed in accordance with said law, charter and proceedings, and that the assessment evidenced by said certificate and upon the terms therein set forth, is regular, valid and enforceable, and is a personal liability against the owners of said premises, and a valid enforceable, first and prior lien upon said premises.

That afterwards the said Panhandle Construction Company duly transferred, assigned, and sold to the Realty Trust Company for a valuable consideration, said indebtedness together with the certificate evidencing the same and all rights, liens and remedies securing the payment thereof, and the Realty Trust Company is the present legal and equitable owner and holder of said certificate and assessment, and entitled to enforce and collect the same in its own name. Plaintiff alleges that default has been made by the defendants, J. W. Reddy and wife, Mrs. J. W. Reddy in the payment of installments due upon the said certificate for such default the Realty Trust Company has declared the entire amount due, and though often requested the defendants, J. W. Reddy and wife, Mrs. J. W. Reddy have paid no part of said indebtedness, to plaintiff's damage in the sum of \$500.00.

That it is necessary to sue upon said certificate and assessment, and attorney's fees have been and will be incurred, and said certificate has been placed in the hands of the undersigned attorneys for suit, and a reasonable attorney's fee is the sum of \$200 which plaintiff has bound itself to pay, and for which the defendants and each of them are additionally liable.

That the premises described in said certificate and assessment are as follows, to-wit: All that tract, piece or parcel of land, lying and being situated in the City of Canyon, County of Randall, State of Texas, being Lots Nos. 11, 12 and 13 in Block No. 24 of the Old Town Addition to the City of Canyon, fronting 90 feet on the North side of Third Avenue, and the same are the identical premises described in said assessment and certificate.

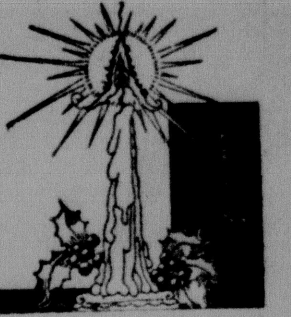

WHEREFORE, PREMISES CONSIDERED, Plaintiff prays that the defendants, and each of them be cited and served to answer herein as required by law, and that upon final hearing it have judgment against the defendant, J. W. Reddy for the amount of its debt, including principal, interest, attorney's fee, and costs of suit, and for the foreclosure of its assessment lien against all defendants, and that an order of sale issue, and that said property be sold as under execution and the proceeds applied to the satisfaction of Plaintiff's debt, and for execution, and for such other and further relief both general and special, legal and equitable, as it may be entitled to.

Herein Fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Canyon, Texas, this 3rd day of December, A. D. 1930.

ryton; "Rusty" O'Donald; Tim Daugherty, Oton; Burk and Keith, Ralls; Bill McClendon, Clovis, and Troutman of Dumas, all of whom are former Buffalo basketball men though all are not letter men.

In addition to these former Buffaloes and Yearlings, Burton has a whole flock of former high school stars upon which to draw. "Cow" Williams, "Sheik" McDaniels and Ralph Cabe, all Canyon Eagle stars; Fortenberry of Happy; Dyer and Lovelace of Farwell; McLauren of O'Donnell; Layne of Hereford; Jameson of Canyon; Richards of Ralls; and Rudolph. It is more than likely that other men will be added to the list during the next few weeks since all prospects have not as yet signified their intentions of coming out. Much interest is being manifested in the 1931 basketball team and enthusiasts are looking forward with eagerness to the opening game in January.

Coach Burton intends to try the mettle of the prospective Buff quintet early in the season for he recently signed a contract with the Phillips "66" team of former college basketball stars, this game to be played early in January. The Phillips outfit is a husky assignment for any team at any time and the inference is that Burton thinks pretty well of his prospects for 1931 to have picked a fust with this husky team so early in the season.

The Buffalo schedule for 1931 has not yet been made, but will be compiled at the conference meeting in Dallas, beginning December 11. Two games with Baylor, in Canyon, will open the season on January 2 and 3, marking the first time a Southwest Conference team has come here for an athletic contest of any sort.

In the past the Buffs have met Baylor and Texas on numerous occasions, holding a comfortable margin in the larger loop.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Randall County: Greeting.

You are hereby commanded to summon S. G. Reddy by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not then in any newspaper published in the 47th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 47th Judicial District, to appear at the next regular term of the District Court of Randall County, to be held at the Court House thereof in Canyon, Texas, on the 1st Monday in January, A. D. 1931, the same being the 5th day of January, A. D. 1931, then and there to answer a petition filed in said Court on the 6th day of May, A. D. 1930, in a suit, numbered on the docket of said Court No. 1238, wherein Realty Trust Company is Plaintiff, and J. W. Reddy and wife, Mrs. J. W. Reddy and S. G. Reddy are defendants, said petition alleging:

That the City of Canyon is a Municipal Corporation duly incorporated, organized and existing under and by virtue of the General Municipal Incorporation Laws of the State of Texas, and operated under said General Municipal Incorporation Laws at all times mentioned in this petition, had all the powers granted to cities, towns and municipal corporations under and by virtue of said General Incorporation Laws, and having its domicile in Randall County, State of Texas.

That all of the proceedings under and by which said certificate of special assessment, sued on herein, was levied, were had under and in accordance with Chapter 106, Acts of 1927, of the First Called Session of the Fortieth Legislature, shown as Article 1105b of the Re-

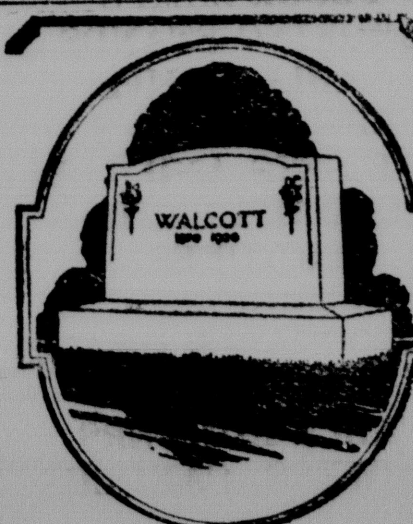

vised Civil Statutes of the State of Texas of 1925.

That heretofore, to-wit: on the 30th day of May, 1928 the City of Canyon, acting by its Mayor and City Secretary attested with its corporate seal and executed a certain certificate of special assessment of said date, which was issued by said city to Panhandle Construction Company and its assigns, for the pro rata part of the cost of improving a portion of Third Avenue in said city, payable by the owner of the premises hereinafter described and described in said certificate to with the defendant J. W. Reddy.

That said certificate sets forth and certifies substantially that by virtue of an ordinance of the City Commission of the City of Canyon, Texas, passed on the 7th day of April, 1928, there was levied an assessment in the sum of \$388.00 against certain property in the original Town of the City of Canyon, Texas, fronting 90 feet on the North side of Third Avenue, more specifically described hereinafter, and against the true owner of said premises.

That said certificate further recites substantially that said assessment is payable in six equal installments due respectively on or before ten days, one, two, three, four and five years after the 30th day of May, 1928, together with interest at the rate of 8 per cent per annum from said date, provided that the said owner has the option to prepay any installment before maturity with accrued interest; said certificate further recites that said assessment was levied by virtue of the ordinance and previous ordinances and proceedings of the City Commission of the City of Canyon, Texas, providing for the payment by the owner of said premises of his pro rata of the cost of improving a portion of said avenue by virtue of the contract between the City of Canyon and Panhandle Construction Company, dated the 30th day of January, 1928, and that by said proceedings said special assessment was declared and made a lien against said premises and a personal charge against the owners thereof, payable to the said Panhandle Construction Company, or its assigns, in said installments, and if default shall be made in the payment of any installment of principal or interest when due, then, at the option of said certificate and assessment, the same shall mature and become payable for the full amount of principal and interest thereon, and shall be collectible with accrued interest and reasonable attorney's fees and costs of collection, if incurred.

That said certificate recites substantially that all proceedings with reference to making such improvements have been regularly had in compliance with the law and the charter of said city and the terms of the certificate, and that all prerequisites to the fixing of the assessment lien on said premises and claim of personal liability evidenced by said certificate have been performed, and Plaintiff alleges and charges that each and every step provided or required by law or the charter of said city, or by proceedings as a prerequisite to the making of said improvements and the fixing of said assessment

It is more than likely that other men will be added to the list during the next few weeks since all prospects have not as yet signified their intentions of coming out. Much interest is being manifested in the 1931 basketball team and enthusiasts are looking forward with eagerness to the opening game in January.

Coach Burton intends to try the mettle of the prospective Buff quintet early in the season for he recently signed a contract with the Phillips "66" team of former college basketball stars, this game to be played early in January. The Phillips outfit is a husky assignment for any team at any time and the inference is that Burton thinks pretty well of his prospects for 1931 to have picked a fuss with this husky team so early in the season.

The Buffalo schedule for 1931 has not yet been made, but will be compiled at the conference meeting in Dallas, beginning December 11. Two games with Baylor, in Canyon, will open the season on January 2 and 3, marking the first time a Southwest Conference team has come here for an athletic contest of any sort.

In the past the Buffs have met Baylor and Texas on numerous occasions, holding a comfortable margin of victories over the schools in the larger loop.

It is always best for a man to tell his wife everything he thinks other people may be likely to tell her.

The average married man would much rather have his wife mend his socks than his ways.

The law gives any man the right to open his wife's letters—but it doesn't give him the nerve to do it.

CITATION BY PUBLICATION

To the Sheriff or any Constable of Randall County—Greeting:

You are hereby commanded to summon S. G. Reddy by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 47th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 47th Judicial District, to appear at the next regular term of the District Court of Randall County, to be held at the Court House thereof in Canyon, Texas, on the 1st Monday in January, A. D. 1931, the same being the 5th day of January A. D. 1931, then and there to answer a petition filed in said Court on the 6th day of May, A. D. 1930, in a suit, numbered on the docket of said Court No. 1238, wherein Realty Trust Company is Plaintiff, and J. W. Reddy and wife, Mrs. J. W. Reddy and S. G. Reddy are defendants, said petition alleging:

That the City of Canyon is a Municipal Corporation, duly incorporated, organized and existing under and by virtue of the General Municipal Incorporation Laws of the State of Texas, and operated under said General Municipal Incorporation Laws at all times mentioned in this petition, had all the powers granted to cities, towns and municipal corporations under and by virtue of said General Incorporation Laws, and having its domicile in Randall County, State of Texas.

That all of the proceedings under and by which said certificate of special assessment, sued on herein, was levied, were had under Act of 1927, of the First Called Session of the Fortieth Legislature, shown as Article 1105b of the Re-

vised Civil Statutes of the State of Texas of 1925.

That heretofore, to-wit: on the 30th day of May, 1928 the City of Canyon, acting by its Mayor and City Secretary attested with its corporate seal and executed a certain certificate of special assessment of said date, which was issued by said city to Panhandle Construction Company and its assigns, for the pro rata part of the cost of improving a portion of Third Avenue, said city, payable in ten years, and described in said certificate to wit: the defendant J. W. Reddy.

That said certificate sets forth and certifies substantially that by virtue of an ordinance of the City of Canyon, passed on the 7th day of April, 1928, there was levied an assessment in the sum of \$369.00 against certain property in the original Town of the City of Canyon, Texas, fronting 90 feet on the North side of Third Avenue, more specifically described hereinafter, and against the true owner of said premises.

That said certificate further recites substantially that said assessment is payable in six equal installments due respectively on or before ten days, one, two, three, four and five years after the 30th day of May, 1928, together with interest at the rate of 8 per cent per annum from said date, provided that the said owner has the option to prepay any installment before maturity with accrued interest; said certificate further recites that said assessment was levied by virtue of the ordinance and previous ordinances and proceedings of the City of Canyon, and that by said proceedings said special assessment was declared and made a lien against said premises and a personal charge against the owners thereof, payable to the said Panhandle Construction Company, or its assigns, in said installments, and if default shall be made in the payment of any installment of principal or interest when due, then, at the option of said certificate and assessment, the same shall mature and become payable for the full amount of principal and interest thereon, and shall be collectible with accrued interest and reasonable attorney's fees and costs of collection, if incurred.

That said certificate recites substantially that all proceedings with reference to making such improvements have been regularly had in compliance with the law and the charter of said city and the terms of the certificate, and that all prerequisites to the fixing of the assessment lien on said premises and claim of personal liability evidenced by said certificate have been performed, and Plaintiff alleges and charges that each and every step provided or required by law, or the charter of said city, or by proceedings as a prerequisite to the making of said improvements and the fixing of said assessment

No, customers, I am not and have not been dead. Nevertheless here I am to trouble your kind patience once more.

As the Yuletide is only a few weeks away I am reminded of this bit of verse—

Under the spreading mistletoe
The home co-ed stands,
And stands, and stands, and stands,
And stands, and stands, and stands.

With the winter weather we are told from many sources that Golfing Gano is improving in his game of golf. With a mild winter we predict a smashing success during the coming months.

Thanksgiving is past, but I have lots to be thankful for. Included in the list is that I have suffered one broken toe in the past year from family fights.

We are often told that home, be it ever so humble, is a dangerous place. Now I know that it is.

I read a news dispatch the other day in which it was stated that the remains of worms that lived in Chicago 360,000,000 years ago had been found. If you ask me, that is a dickens of a long time.

Christmas is near at hand and oh boy, how the hints do fly. But sometimes it is mighty good to be able not to hear everything that goes on around a place.

Lee Foster and Frank Hicks reminded me of a couple of kids, one giving the other a ride on his bike, as Frank and Lee were riding down Fifth Avenue one day this week on Frank's motorcycle. I thought what a laugh one could have if there had been a spill.

I read a story recently telling the origin of the mother-in-law joke. It may be a joke before you are married, but boys, I am telling you that it ain't so funny after you have a mother-in-law in the family.

A bank advertisement states that money in the bank is the secret of poise, but the secret of having money in the bank is one of balance.

The Dead Sea is dead because it has inlets but no outlets, just as the merchant who does not advertise is one who wants to receive and never give out anything.

Well, the football season is over once more and the Buffaloes are the better of it. The Thundering Herd finished higher up in the percentage column with this year's

participation in the T. I. A. A. than at any other year in the history of the institution.

The basketball season is on its way. Will it be another Championship? We shall hope so, at least.

The song of a college student—My sweetie was full of emotion, Thought she could fly over the sea But now I'm full of the notion She'll never come back to me.

It appears the American people are divided into two great classes: Those who think they are as good as anybody and those who think they are better.

Style Adapts New Hats to Coat Collar

THE BERET AND TURBAN, POPULAR THIS WINTER, WILL BE TOO SMALL TO INTERFERE WITH FUR COAT COLLARS—SOME WILL HAVE TINY VEILS

A challenge to the tricorne and bicorne hats this winter are these smart fashions from Paris. The sable colored felt, left, with a satin finish, fashions this new shaped beret. Notice the cut and fold. The outstanding characteristic of the beige chenille beret, right, is its tiny veil. It is of the same color as the suit.

BY HARRIET

It is always a problem to get hats that adapt themselves perfectly to fur coats or the deep fur collars that cloth coats take.

This winter that age-old difficulty seems to have been solved. The snug little berets and turbans have small chance to interfere with any collars.

But there is another difficulty which arises. Do all women look well in small hats? The answer is, "Yes, provided the hat is the right shape and color."

Tricorns and bicorns are popular merely because they give that extra touch of decorativeness in the way of a bit of width at each side.

The new shape that is coming to challenge the bicorne and tricorne is the little beret with a blocked fold in its crown. This fold folds back onto the crown and protrudes at the side to give the width that the tricorne has. But it has no corners. It is gracefully rounded all along the side, and across the front and back. Where it opens out on the other side, there is a suggestion of fullness in the crown that is flattering.

One of these is a sable colored felt with a satiny finish. It not only flatters by its cut and fold but adds a bow of its own felt across the side of the back where the fold is left unpressed. This feminine bow does its bit for beauty and youth, you may be sure.

A second trick that little hats play this winter is to add a tiny veil of the color of the suit they complement. One of these is a little beige chenille beret, with a feather ornament where the little button goes on a beret.

This little hat is worn atop the head but a little dotted green veil falls over the face, just below the eyes. This veil is the same shade as the broadcloth suit, a deep, rich green.

The suit itself, with its flaring long-skirted coat and full sleeves gathered into a deep cuff, has a natural lynx collar that is the exact shade of beige as the chenille beret. Altogether it is a most satisfactory color combination.

Six Weeks Report Shows Decrease of Failing Work

The second six weeks period of school has passed and with it comes convincing proof that the student body as a whole is improving in their work. The first six weeks' check revealed a little over 10 per cent failures. This period's check shows less than 9 per cent.

Students, what about waking up and make it only about 6 per cent? This next period is the last in this semester and for some of us determine whether this first half year's work is a success or a failure.

The following people had no grade under B. (90) or any absences or tardies against them: Bishop, Maudeana. Brasual, Alton. Crawford, Velma. Donnell, Alton. Foster, Dixie. Furlow, Verline. Greenfield, Armer Lee. Hastings, Oressa. Hicks, Ellen. Johnson, Annie. Johnson, Nan. Keirsey, Martha Ann. Lain, Nadine. Miller, Roy. Pearson, D. B. Sparkman, Alton. Sternberg, Bettye.

Between 8 per cent and 9 per cent of the people enrolled made this honor roll. Quite often a card with three A's and then a C or D was found. This shows that the pupil is not making a correct division of his time in his work.

Intramural Debates Won By Seniors

The winning boys' debate team in the intramural contests was the senior boys, Irving Gamewell and George Goede, who defeated the freshmen Eugene Brian and Earl Ritchie.

The freshmen debated the sophomores, Ogden Stroud and Robert Black, and won the afternoon before the night they debated the seniors.

The question was: "Resolved, that the Eighteenth Amendment should be repealed."

The debaters chosen to represent Canyon in the Amarillo tournament are Katye B. Lowe, Bib Jameson, Irving Gamewell and Vincent Lockhart, with George Goede as alternate.

Students Show Much Interest In English Dept.

In English 11 class there is some real talent along architectural lines. For contract work on Shakespearean drama some miniature theaters of that period have been constructed by the pupils. Mary Orton and Elizabeth Faulkner constructed one of heavy board. Martha Ann Keirsey and Oressa Hastings made theirs of paraffin.

In English 9 some good work on "Treasure Island" and original composition has been done.

The outside work helps to make the high school English valuable to the pupils.

SCIENCE CLUB

On Nov. 26, at the daily activity period, the Science Club met with many more people present than usual. It was decided that the new members would be initiated Saturday night, Dec. 6. The following program of interest was then presented:

"Stream-line Auto"—Louise Solomon.
"Pneumatic Cars"—Mary Orton.

Eagle End Season Around Banquet Table on Tuesday

The Eagles of Canyon High were served a four course banquet in the Home Economics department Tuesday evening, Nov. 25, as an appreciation of their successful year in football. The menu consisted of fruit cocktail, turkey dressing, giblet gravy, rolls, cranberry mold, string beans, candied sweet potatoes, vegetable salad, pumpkin pie, whipped cream, and coffee.

Mr. Carruth, the toastmaster, introduced the following speakers: Mr. Stroud, Mr. Thompson, Hosea Foster, Broughton Harden, Wilford Taylor, Mr. Sanders, Coach Brady, Mr. Orton, Mr. Ball, Mr. Wortham and Mrs. Stroud.

It was decided at this time that Wayne Tucker would be considered the captain of the 1930 football team.

The following were seated at the table: Mr. Carruth, Mr. Brady, Mr. Thompson, Mr. Stroud, Mrs. Stroud, Mr. Orton, Mr. Sanders, Mr. Ball, Mrs. Allison, Mr. Slack, Mr. Wortham, Broughton Harden, Hosea Foster, Owen Miller, Curtis Bell, Wilford Taylor, Ernest Wiggins, Jack Cox, Harvey Thomas, Wayne Tucker, Bill Strain, J. M. Black, Tyson Cox, Clarence Wooten, Leonard Brasuel, Willard Middleton, Herbert Slack, D. B. Pearson, Truitt O'Donald, Ogden Stroud, Douglas Henson, John Stratton George Brasuel, and Tommie Elliston.

About half of the people in America wouldn't know the names of our leading colleges if it wasn't for their football teams.

The summer drought also took most of the water out of the melons a lot of big corporations expected to cut this fall.

One of the world's greatest humorists was the fellow who originated the "Home Cooking" sign for restaurants.

Friday night, Mildred Middleton entertained a number of her friends with a delightful party following which a slumber party for her girl friends was given. Games and other forms of amusement were enjoyed by all during the entire evening, (until 4:00 by the girls.) The guest list included: Celestine McGee, Bettye Sternberg, Katye B. Lowe, Elizabeth Jameson, Janet Golden, Lucile Davault, Vara Edwards, Marie Landress, Melba Gamewell, Margaret Tankersley, Sybil Gidden, Claire Middleton, Maxine Middleton, Charline Wiseman, Esther Downing, Elizabeth Herndon, and J. Box Supper To Be Held by Jrs. Friday Night

Tomorrow night, Friday, Dec. 5, the junior class will hold a box supper in the High School auditorium. The proceeds of this supper will go towards putting over the junior candidates for the queenship and kingship of the high school. The candidates for these positions are Vara Edwards and Thomas Gerald.

All girls are invited to come and bring a box.

THE FIGHT FOR SUCCESS

One of the most important lessons in life is that success must continually be won and is never finally achieved. There are those who look upon the supposed fortunate in our social efforts, who have achieved places of influence and distinction, as though they had in some way gained a citadel in which they stand secure against every attack. In truth, all they have done is to gain another level of responsibility in which they must make good. Every day is one of test. Every day puts at risk all that has been gained. The greater the apparent achievement the greater the risk of loss. The farther you have climbed, the more disastrous the fall. As has well been said, it is not worth while to talk to the end of a period, for you are always at the beginning of a new one. You cannot rest content. You have been vigilant; it remains to be yet more vigilant. You have been faithful, but fidelity is an active virtue which demands its daily sacrifice of any counter interest, its daily response in energetic service.—Charles Evans Hughes.

JUNIOR SHOW
Sunday, Monday and Tuesday night, Mr. Wooten, proprietor of the Olympic Theater gave the junior class a benefit show. The juniors worked hard and thanked him for his kindness in giving them the show.

Basketball Practice Begun Monday by Candidates

The boys' basketball season started Monday with about 35 coming out.

All material is either green or inexperienced, and the outlook for an early team is "not so hot."

The first game is with Dimmitt, here December 18, just 14 training days until Canyon meets one of the strongest Panhandle teams.

According to Coach Rusk, good prospects are evident for a strong girls team. "Bib" Jameson, one-stripe, will pilot the team this year. Much is expected of Jameson's guarding this year. Gene Fowler, one-stripe forward will end her career this year as a C. H. S. forward.

The center will be taken care of by Mae Miller, one-stripe jump, and Flo Bowman, one-stripe run, are up from regulars of last year. Claire Lockwood, three-stripe jump from Slaton, also looks like a good bid.

The first girls' game has not as yet been scheduled. We've got the material for a team and its up to the school and town to back them.

During the last two days of the school week, Tuesday and Wednesday, the grade school pupils have enjoyed Thanksgiving plays and programs. Many of the rooms exchanged plays. The Seven A group gave an original play to Seven B. The play was written by Mary May Harrison, title "Tom's and Betty's Thanksgiving." The grades are beginning to work on Christmas programs now.

The grade school pep squad with plenty of pep hold their meetings on Monday. The meetings will not require over 30 minutes.

C. H. S. Talkies Have Debates at the Meeting

The C. H. S. Talkies met last Tuesday for a business meeting. After a report on the play was given, they talked about the contest which is to be held in Amarillo, Dec. 12 and 13.

The Talkies are going to be represented in several parts of the contest. The girl debate team is Elizabeth Jameson and Katye B. Lowe, and the boys who will debate will probably be Irving Gamewell and Vincent Lockhart.

Rosa Cash is going to represent the club in the oratory contest, and Elizabeth Faulkner in the declamation contest.

"His First Dress Suit," a one-act comedy is going to be entered in the play contest. The cast is: Mrs. Harding—Louise Wester.

Betty Harding—Maxine Middleton.

Ted Harding—Robert Black. Johnny Drake—(undecided). With these contestants the club will be well represented and should take some prizes.

Wednesday afternoon the C. H. S. student body was interestingly entertained by superintendent Carruth in a class chapel period. As the school was soon to be dismissed for the Thanksgiving holidays, Mr. Carruth spoke on Thanksgiving and the sincere sentiments attached to it that are likely to be lost by the high school student of today. His speech gave the students a deeper conception of this national holiday.

NOTICE TO TEACHERS

OF RURAL SCHOOLS

There has been a radical change made in the rules for the Spelling contest in the University Interscholastic League this year, according to Miss Angeline Kollatt, who was elected Director of Spelling in this county at the recent teachers' institute.

"Formerly," said Miss Kollatt, "the contest has been based solely upon the spelling lists issued by the League Bureau, Division of Extension. This year, however, the contest is based not only on this list, but on words in the State Adopted spelling book. Preparation of students for the contest therefore will involve a mastery of words in both sources, the League lists and the State Adopted Text.

"Teachers are also cautioned that the contest involves plain writing as well as spelling. Often a good speller is a poor writer and it is necessary to coach such contestants in plain writing. Every letter in a spelling paper must be clearly legible.

"No more valuable training, in my opinion, can be given our pupils than that involved in adequate preparation for this contest. The words prescribed are all words in common use, and words therefore for which the student has constant use. Moreover, the ability to write a clear, legible hand is an accomplishment which many graduates of our schools fail to acquire; yet in business and the professions, and even in the trades such an ability is of utmost importance.

"The Constitution and Rules of the League is now available, and teachers in member-schools may secure a copy by addressing the League Bureau, University Station, Austin, Texas."

If life insurance companies would write policies for only as much as men were actually worth in the community they'd never earn any dividends.

THE GREAT AMERICAN HOME

Wayside Items

Delightful winter weather. A few misty mornings, no precipitation of snow or rain to speak of. We think we have the garden spot of the good old U. S. A. S. S. led by J. E. McGehee last Sunday, with a fair crowd.

A singing class was organized Sunday night at the school auditorium. Officers elected were Miss Nina Cunningham, president; Mrs. Azon Helms, vice president; Reuel Mills, secretary; J. E. McGehee, song leader; Mrs. Clara McGehee, pianist. All are invited. Come out and take part.

Among the Wayside visitors to Canyon football game Thanksgiving day were J. C. Payne and wife, accompanied by Mrs. Bessie Lane, who returned with Mr. and Mrs. George Hancock to Pampa, where she visited until Sunday afternoon. She spent Sunday night with her sister, Miss Sallie McGehee, returning home Monday with Miss Phillips, Armstrong Co. Demonstration Agent.

The Home Demonstration Club met with Mrs. Serena Bryan Monday afternoon. A large number of ladies were present. Miss Phillips was here too. The subject for the day was "Christmas." The agent demonstrated many suggestive, inexpensive gifts. Before adjourning, Mrs. Payne in behalf of the Club presented the agent with an appreciated gift. Delicious refreshments were served

the club members by Mrs. Serena Bryan, assisted by Mrs. Frank Walters, Mrs. Myrtle Washburn and Miss James. The club was invited to meet Miss Phillips at Mrs. Fannie Franklin's Wednesday afternoon from three to four to view Mrs. Franklin's 4-H pantry.

W. R. Franklin and family, accompanied by W. J. Sluder and wife were dinner guests with M. C. Sluder and wife last Sunday in Happy.

M. L. McGehee and Henry McNeil of Archer City motored to Gallegos, New Mexico, Friday returning Saturday. J. M. McGehee started to Wayside with them but stopped to turn back on account of the snow storm.

Mr. and Mrs. Henry McNeil of Archer City reached the parental M. L. McGehee home Thursday. Mrs. Bernice McNeil and mother Mrs. Myrtle McGehee and Lyman York with Mrs. Ida Sluder spent Saturday in Canyon with relatives. A most enjoyable visit.

Intermediates and primary grades at Wayside school gave a very nice entertainment Wednesday night. The teachers deserve much credit for the training given and all the children are to be given much commendation for their Thanksgiving program.

Aline McGehee and Irving Lane from Canyon spent Thanksgiving holidays with home folks.

A 42 party at W. C. McGehee's was much enjoyed by the young

people Thursday night. Candy was served to the crowd.

A party Friday night at Mrs. W. C. McGehee's for the young married people, good crowd and a fine time. Fudge was dispensed to the visitors.

John T. McGehee and J. T. John R. Stockett returned from their trip to Mexico leaving Aleck Whitten with J. M. McGehee for awhile.

Marvin Deer has sold his farm to H. E. Wesley, we are informed.

STICKING TO WHEAT.

By H. M. Bainer, Director Southwestern Wheat Improvement Association.

Wheat is the natural crop of the Southwest. No other area is as well fitted for growing wheat as economically. The Southwest now has an enviable reputation for its splendid high protein wheat. Its markets are established. Millers, grain dealers and bakers from all over the country are looking this way for their best wheat and flour. As a cash crop Southwestern wheat has no equal.

It is true, the Southwest does produce an immense amount of wheat and the present price is low, but the Southwestern farmers' faith in himself and in his crop is indicated by his persistence in going ahead against this fall and sowing about as much wheat acreage as usual. Southwestern farmers feel that their out-lay machinery, land and climatic conditions makes them better adapted for wheat growing than anything else. And with their equipment of land and power farming machinery, in combination with their knowledge of approved methods, no other area or country can compete with them in yield, quality or production cost.

Everything points to low prices for wheat in the next few years and with these conditions to face, it behooves every wheat farmer to reduce his production costs in every way possible. The profits of many farmers are lost or narrowed down by too high cost production. As Wheeler McMillan says, "We are happy to receive high prices, for they make profit easier and more widespread. But we mislead ourselves if we forget that the necessary objective of agriculture is not high price, but decent profits. Even high prices are of slight avail to the farmer when he has little to sell. A large volume, produced at moderate cost, is more to be desired than a small volume, expensively produced, whatever the price."

Still another thing that never fails to work out is a big toe in a little hole of a sock.

Bonds has already proved to us that he and his wife can teach us many things. Four of the pupils, who wish to become song leaders, were given practical instruction and practice in leading. Mrs. Bonds assists her husband at the piano.

The singing that was held at the school house Sunday night was attended by a full house. Probably more than half the people present were from the Fairview community. We appreciate having them with us, and we hope they will come again as often as convenient. Quite a number of people were here from the Rusk community. We bid you come again.

A community Christmas program was discussed at Sunday School Sunday. A committee was appointed to arrange the program. We hope everyone will take some responsibility in celebrating Christmas at this place or elsewhere.

During the Thanksgiving holidays many people of this community, if not all of them, were either visited by friends or relatives, or they were visiting relatives at some distant place.

THANKSGIVING

To express our appreciation to our many friends for thanksgiving, we say, "Come, let us thank our friends that had such generous hearts to give us such a thanksgiving." We say, "Bless the Lord, O my soul, and all that is within us, bless his Holy Name," for the sheep of his pasture that are so lovable to help us. We count ourselves in nothing else so happy, as in our souls remembering our good friends and as our lives ripen with our love, it shall be still our true love for our friends.

May God's richest blessings rest and abide with you forever.

BUFFALOES DEFEAT McMURRY INDIANS FOR FIRST TIME IN FOOTBALL HISTORY OF W. T.

For the first time in the history of football between W. T. and McMurry the Thundering Herd defeated the Indians by the slender margin of 6-3 after getting off to a tardy start at Buffalo Stadium in the Thanksgiving classic. McMurry made her lone score early in the first quarter after pushing a lethargic squad of Buffs all over the field and maneuvering into proper place to kick a field goal. In the second quarter the Buffaloes woke up to the fact that a football game was in progress and began an attack that increased steadily until the final gun. The Buffs' big moment came just as the first half ended but they failed to grasp the opportunity. The ball lacked a meagre six inches of being over the goal line just as the gun fired closing the half. Penick had, just a few minutes before, completed a beautiful pass over the goal line only to have the play called back because of an off side.

First Half

The Buffaloes kicked to McMurry's twenty and the Indians, led by Fulkerson, plunged and side-stepped down the field to the Buffs eight yard line where Fulkerson kicked a field goal. On the next kickoff the Indians continued their aggressive play, but the Buffaloes managed to prevent their scoring and upon the opening of the second half opened their attack. McClendon intercepted an Indian pass on the Buffaloes' 20, and "Rusty" O'Donald started the fire works by breaking through the Indian line for 33 yards. The Buffs then fumbled and McMurry punted to Powell on his 30 and a 15 yard penalty increased their handicap considerably; but on the first play, Clark passed to Powell for first down. An intercepted pass halted their march for a moment but the Indians fumbled on their 23 yard line and the Herd recovered. On the next play Clark started around the end zone but changed his mind and threw a beautiful pass to Penick, who was over the line at the northeast corner but the play was called back because of an off side.

The Indians having lost their mainstay in the shape of Fulkerson who went out on account of injuries in the first quarter, could not develop enough steam to stop the Buffs, and O'Donald, Clark

and Powell pushed the ball to the Indians' six inch line only to have the gun cheat them out of a cinch touchdown, and the half ended with the score 3-0 in the Indians' favor, having made 100 yards and 7 first downs to the Buffs' 45 yards and three first downs in the first round.

Second Half

The Buffaloes continued their aggressiveness and scored their touchdown immediately after the second half opened. Powell had run back an Indian punt to the 50, Williams passed to Clark on the Indians' 31 and Clark passed to Powell on their 15. On the next three plays, O'Donald plunged the line for the Buffs' winning score, the kick for the extra point going wide. The Buffs spent the rest of the quarter in the Indians' territory, one time being held on McMurry's 2 yard line.

Fourth Quarter

After a pass, Clark to Powell, and an eight yard plunge by O'Donald, the Buffs were held on the Indians' 12. Again the march was repeated after Isaacs had punted 71 yards. In midfield, Smith of the Indians heaved a pass 45 yards to Young who had a clear field and only ten yards to go for a touchdown but he very acromodatingly "muffed" the pass and McMurry's scoring threat was over. A beautiful exchange of offensive play continued from this point till the end of the game, Smith and Pool for the visitors chunking long passes to no place in particular, and Powell, O'Donald and Williams and Clark plunging, passing and skirting the ends for pretty gains only to have the breaks cheat them out of well earned touchdowns. The game ended with the ball on the 6 yard line, the score being 6-5 in favor of W. T.

"Among Those Present"

For the lack of more scores the Buffs have to thank three husky Redskins, Johnson, end, Edwards, guard, and Fulkerson, fullback. The first two smeared more Buffalo plays than the other nine men put together, and Fulkerson kept the ball well within Buffs territory until he was removed from the play on account of injuries. The Buffaloes same crew, Williams, Powell, Clark and O'Donald, played heads up football after they had thrashed out, O'Donald showing up especially well with his desperate line

plunges. The Indians laid for Powell, but as usual he was just too hard to catch when he got loose, especially on returning punts; in fact he returned one long Indian punt to within two yards of the point from which it was kicked, shaking off seven tacklers before being brought down. McClendon, Logan and Jameson in the line played inspired football, especially Logan, who sang his swan song Thursday. Gillham, who always plays great football, did not start but was put back in his position at guard to plug up that hole the Indians had found and he fitted like a rubber cork. To do the Herd Justice, it must be said that had they played on Butler Field against Simmons as they did in this finale of the season about 14 of the 26 points Simmons amassed would have been lopped off.

W. T. CAPTURES SECOND PLACE IN T. I. A. A.

VICTORY OVER McMURRY WINS RUNNER-UP TITLE FOR BUFFALOES.

Results of Thanksgiving games in the Texas Intercollegiate Athletic Association served only to definitely decide several disputed positions in the final standings column of games won and lost. The principal position disputed was second place and the West Texas Teachers by virtue of their 6 to 3 victory over McMurry in Canyon Thursday, took undisputed possession of the runner-up place of Sam Houston, the 1930 champions, who closed their season last Monday with a 20 to 0 victory over Stephen F. Austin at Huntsville.

The Canyon victory enabled the Buffaloes to finish the current grid campaign with a record of four games won, no defeats and only one tie game to mar their record. North Texas with four victories and one defeat takes third place, while the Southwest Texas Bobcats unofficial 929 champions, grab fourth place with a record of three victories, one defeat and one tie.

Daniel Baker and Abilene Christian College staged their annual battle Thanksgiving in Abilene with nothing in particular at stake other than the desire to defeat an old enemy. The Hill Billies copped the decision, 7 to 6 and finished the season with a record of two victories, two defeats and two tie games.

THE NEW CHEVROLET SIX HAS MANY IMPROVEMENTS

The introduction of the new Chevrolet Six marks the most impressive forward step in Chevrolet's twenty-

year record of constant progress and improvement. For this Bigger and Better Six offers new beauty, new luxury, new completeness and new quality—yet it sells at lower prices!

In every curve and sweep of Chevrolet's modern lines—in every detail of its new Fisher bodies, you will see the fine hand of the master designer and the skillful craftsman. And the more closely you inspect it, the more deeply impressed you will be.

The improvements in the new Chevrolet Six begin at the smart new chrome-plated headlamps and extend throughout the entire car. The radiator is deeper. The lines are longer and lower, giving an air of exceptional fleetness and grace. And the interiors of the new Fisher bodies provide a new degree of comfort

and luxury: greater roominess; fine quality mohair or broadcloth upholstery; more pleasing interior fittings; and a new, completely equipped instrument panel.

The chassis of the new Chevrolet Six has also been refined and advanced in a number of different ways. The frame is heavier, deeper and stronger than before. There is a smoother operating, long lived clutch; a sturdier front axle; an entirely new steering mechanism; an easier shifting transmission. In fact, every vital feature of the new car has been made better to provide more thorough satisfaction for the owner.

And along with these improvements, Chevrolet offers the smooth performance of a 50-horsepower, six-cylinder motor—four long semi-elliptic springs—four hydraulic shock absorbers—a safety gasoline tank at the rear of the car—and an economy of operation not surpassed by any automobile.

BUFFALOES DEFEAT McMURRY INDIANS FOR FIRST TIME IN FOOTBALL HISTORY OF W. T.

For the first time in the history of football between W. T. and McMurry the Thundering Herd defeated the Indians by the slender margin of 6-3 after getting off to a tardy start at Buffalo Stadium in the Thanksgiving classic. McMurry made her lone score early in the first quarter after pushing a lethargic squad of Buffs all over the field and maneuvering into proper place to kick a field goal. In the second quarter the Buffaloes woke up to the fact that a football game was in progress and began an attack that increased steadily until the final gun. The Buffs' big moment came just as the first half ended but they failed to grasp the opportunity. The ball lacked a meagre six inches of being over the goal line just as the gun fired closing the half. Penick had, just a few minutes before, completed a beautiful pass over the goal line only to have the play called back because of an off side.

First Half

The Buffaloes kicked to McMurry's twenty and the Indians, led by Fulkerson, plunged and sidestepped down the field to the Buffs eight yard line where Fulkerson kicked a field goal. On the next kickoff the Indians continued their aggressive play, but the Buffaloes managed to prevent their scoring and upon the opening of the second half opened their attack. McClendon intercepted an Indian pass on the Buffaloes' 20, and "Rusty" O'Donald started the fire works by breaking through the Indian line for 33 yards. The Buffs then fumbled and McMurry punted to Powell on his 30 and a 15 yard penalty increased their handicap considerably; but on the first play, Clark passed to Powell for first down. An intercepted pass halted their march for a moment but the Indians fumbled on their 23 yard line and the Herd recovered. On the next play Clark started around the end zone but changed his mind and threw a beautiful pass to Penick, who was over the line at the northeast corner but the play was called back because of an off side.

The Indians having lost their mainstay in the shape of Fulkerson who went out on account of injuries in the first quarter, could not develop enough steam to stop the Buffs, and O'Donald, Clark

and Powell pushed the ball to the Indians' six inch line only to have the gun cheat them out of a cinch touchdown, and the half ended with the score 3-0 in the Indians' favor, having made 100 yards and 7 first downs to the Buffs' 45 yards and three first downs in the first round.

Second Half

The Buffaloes continued their aggressiveness and scored their touchdown immediately after the second half opened. Powell had run back an Indian punt to the 50, Williams passed to Clark on the Indians' 31 and Clark passed to Powell on their 15. On the next three plays, O'Donald plunged the line for the Buffs' winning score, the kick for the extra point going wide. The Buffs spent the rest of the quarter in the Indians' territory, one time being held on McMurry's 2 yard line.

Fourth Quarter

After a pass, Clark to Powell, and an eight yard plunge by O'Donald, the Buffs were held on the Indians' 12. Again the march was repeated after Isaacs had punted 71 yards. In midfield, Smith of the Indians heaved a pass 45 yards to Young who had a clear field and only ten yards to go for a touchdown but he very unfortunately "muffed" the pass and McMurry's scoring threat was over. A beautiful exchange of offensive play continued from this point till the end of the game. Smith and Pool for the visitors churning long passes to no place in particular, and Powell, O'Donald and Williams and Clark plunging, passing and skirting the ends for pretty gains only to have the breaks cheat them out of well earned touchdowns. The game ended with the ball on the 6 yard line, the score being 6-5 in favor of W. T.

"Among Those Present"

For the lack of more scores the Buffs have to thank three husky Redskins, Johnson, end, Edwards, guard, and Fulkerson, fullback. The first two smeared more Buffalo plays than the other nine men put together, and Fulkerson kept the ball well within Buffs territory until he was removed from the play on account of injuries. The Buffaloes same crew, Williams, Powell, Clark and O'Donald, played heads up football after they had thrashed out, O'Donald showing up especially well with his desperate line

plunges. The Indians laid for Powell, but as usual he was just too hard to catch when he got loose, especially on returning punts; in fact he returned one long Indian punt to within two yards of the point from which it was kicked, shaking off seven tacklers before being brought down. McClendon, Logan and Jameson in the line played inspired football, especially Logan, who sang his swan song Thursday. Gillham, who always plays great football, did not start but was put back in his position at guard to plug up that hole the Indians had found and he fitted like a rubber cork. To do the Herd Justice, it must be said that had they played on Butler Field against Simmons as they did in this finale of the season about 14 of the 26 points Simmons amassed would have been lopped off.

W. T. CAPTURES SECOND PLACE IN T. I. A. A.

VICTORY OVER McMURRY WINS RUNNER-UP TITLE FOR BUFFALOES.

Results of Thanksgiving games in the Texas Intercollegiate Athletic Association served only to definitely decide several disputed positions in the final standings column of games won and lost. The principal position disputed was second place and the West Texas Teachers by virtue of their 6 to 3 victory over McMurry in Canyon Thursday, took undisputed possession of the runner-up place of Sam Houston, the 1930 champions, who closed their season last Monday with a 20 to 0 victory over Stephen F. Austin at Huntsville.

The Canyon victory enabled the Buffaloes to finish the current grid campaign with a record of four games won, no defeats and only one tie game to mar their record. North Texas with four victories and one defeat takes third place, while the Southwest Texas Bobcats unofficial 929 champions, grab fourth place with a record of three victories, one defeat and one tie.

Daniel Baker and Abilene Christian College staged their annual battle Thanksgiving in Abilene with nothing in particular at stake other than the desire to defeat an old enemy. The Phil Billies copped the decision, 7 to 6 and finished the season with a record of two victories, two defeats and two tie games.

The most severe early winter blizzard that has struck this section of the state in many years came last Tuesday night and the following day and resulted in a complete tie-up of traffic on highways and on rail lines.

The storm started early Tuesday night by a light rainfall which in later hours turned to snow. A brisk northeast gale accompanied the fall of snow and on Wednesday morning drifts of from two feet to as deep as five feet in places completely blocked highways in every direction from town.

Crooks Commandeer Boy and Car
Glen Landingham, son of Mrs. C. C. Carter of this city, returned to Perryton last Sunday morning after an absence of over two days with a thrilling story of how he was forced at the point of a gun to drive two men from Perryton to about fifty miles northwest of Colorado Springs, Colorado.

Glen makes his home with Mr. and Mrs. Jno. N. Stump, and about daylight Friday morning, he left the Stump home to go eight miles northwest, where he was running a tractor for Mr. Stump and O. H. Black. He stated that when about three-quarters of a mile north of town, he stopped and picked up two well dressed men who were walking north. One of the men was about 38 years of age and the other appeared to be some younger and both had plenty of money.

When Lanningham got to where he turned off the highway to go on to his work, he slowed down and told the men that that was as far as he could take them. When he told them that, one of the crooks pulled a gun and ordered him to drive on north. They kept on driving, circling all larger places, and stopping only at small filling stations and lunch stands, arriving northwest of Colorado Springs about three o'clock Saturday morning.

When they stopped, Glen said they talked some of killing him but finally let him go, after cautioning him that he would be killed if he talked before returning home. They took his watch, but gave him \$5.00 with which to pay his expenses back to Perryton—Perryton Herald.

Motorist, as he revived: "I had the right of way, didn't I?"

Bystander: "You did, but the other fellow had a truck."

If a woman would try as hard to keep a secret as she does to keep her youth there'd be a shortage of gossip.

After listening to some people's chatter you begin to wonder if ears are not more of a liability than an asset.

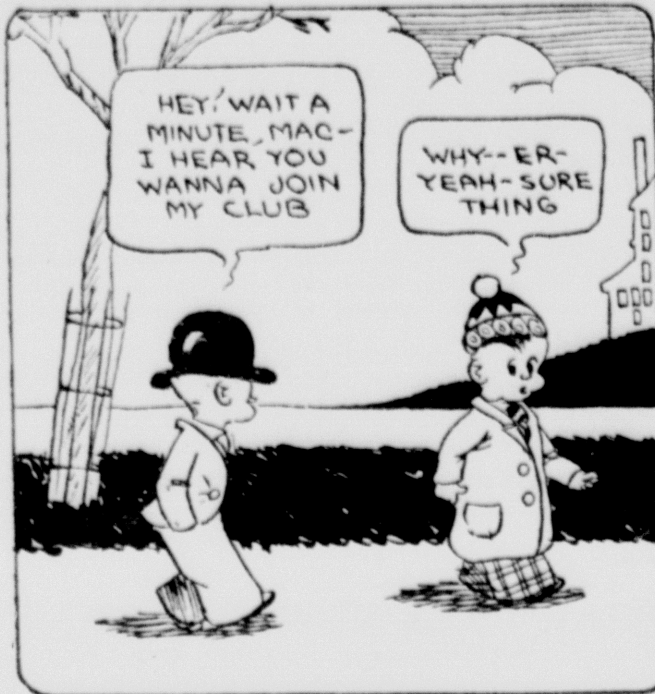

Wonder what old Adam would think if he could come back now and take one glance at the human race?

Blizzard Hits New Mexico.

The most severe early winter blizzard that has struck this section of the state in many years came last Tuesday night and the following day and resulted in a complete tie-up of traffic on highways and on rail lines.

The storm started early Tuesday night by a light rainfall which in later hours turned to snow. A brisk northeast gale accompanied the fall of snow and on Wednesday morning drifts of from two feet to as deep as five feet in places completely blocked highways in every direction from town. —Roy (N. M.) Record.

Crooks Commandeer Boy and Car Glen Landingham, son of Mrs. C. C. Carter of this city, returned to Perryton last Sunday morning after an absence of over two days with a thrilling story of how he was forced at the point of a gun to drive two men from Perryton to about fifty miles northwest of Colorado Springs, Colorado.

Glen makes his home with Mr. and Mrs. Jno. N. Stump, and about daylight Friday morning, he left the Stump home to go eight miles northwest, where he was running a tractor for Mr. Stump and O. H. Black. He stated that when about three-quarters of a mile north of town, he stopped and picked up two well dressed men who were walking north. One of the men was about 38 years of age and the other appeared to be some younger and both had plenty of money.

When Lanningham got to where he turned off the highway to go on to his work, he slowed down and told the men that that was as far as he could take them. When he told them that, one of the crooks pulled a gun and ordered him to drive on north. They kept on driving, circling all larger places, and stopping only at small filling stations and lunch stands, arriving northwest of Colorado Springs about three o'clock Saturday morning.

When they stopped, Glen said they talked some of killing him, but finally let him go, after cautioning him that he would be killed if he talked before returning home. They took his watch, but gave him \$5.00 with which to pay his expenses back to Perryton—Perryton Herald.

Motorist, as he revived: "I had the right of way, didn't I?" Bylander: "You did, but the other fellow had a truck."

If the School of Experience issued report cards, no man would ever show one to his wife.
